

## Local Authority Residential Property Data

for the Calendar month of July 2007

Local Authority boundary calculations are for residential sales within the price range of £20,000 to £1,000,000

The processes for providing statistics from house price registration data are produced to National Statistics standards with the support of Scottish Government statisticians.

\* Unallocated/\*Incomplete sales are those that could not be accurately located within a Local Authority area

1. The information for each stated time period aims to cover all sales of residential properties, where applications are received for registration with Registers of Scotland in the period.

2. The data includes both cash sales and properties bought with a mortgage, and right to buy sales of council houses to sitting tenants. The analysis aims to exclude single sales of blocks of properties.
