Board Effectiveness Review Proposal

Purpose

1. In accordance with the RoS Board terms of reference we are proposing to conduct our annual assessment of performance as a board, with the intention of continuously improving our effectiveness.

Background

2. We have changed the question set this year to focus on the progress we have made on the areas we agreed to improve last year, with a view to treating this years review as a pulse survey on progress and carrying out a full effectiveness review every second year.

3. The proposed questionnaire for the board effectiveness review is available at annex A.

4. The board are invited to provide feedback on the questions proposed and if content, the questionnaire will be circulated for completion anonymously via Survey Monkey in later in June 2021 and the results will be discussed at the September 2021 board.

Recommendation

5. The Board are invited to provide feedback on the proposed board effectiveness review pulse survey and note the intention to run the survey in late June 2021.
