**Q12: Q5. Do you agree with the keeper's proposed approach to incorporeal pertinents?**

Yes

### PAGE 25

**Q13: Q6. Do you agree with the keeper's proposed approach to property titles that include an 'equally and survivor' destination or are held by ex-officio trustees?**

Yes

---

**Comment:** This seems sensible.

**Q14: Q7. Are there any other circumstances where the sasine register may not show the last person with a completed title?**

The only other situation may be where a proprietor has died and title is being held on the basis of a docquet on a confirmation.

### PAGE 27

**Q15: Q8. Do you foresee any practical difficulties in narrating a list of the deeds that contain encumbrances, rather than setting out the burdens in full? If so, how could these difficulties be addressed?**

Yes

---

**Comment:** I think the current approach with all burdens being on the Title Sheet should continue.

**Q16: Q9. Do you agree that the keeper should adopt the same approach to listing deeds in the burdens section for triggered registrations with a hyperlink to the text of the deed?**

Not sure about this. it seems to be like the old Sasine bundle of deeds.

### PAGE 28

**Q17: Q10. Are you content with how we plan to communicate KIR?**

Yes

---

**Comment:** Whatever time you communicate if people are going to re-act they will do so. Registration is going to happen so it doesn't matter when people find out about provided there is a procedure to deal with mistakes as I understand there will be.
